General Comment

Please do not take away my rights to protect myself by trading options in my retirement account. This is a way for me to buy "insurance" against unforeseen situations and a way to de-risk my investments. The last thing we need is for the US government to "help me". I have never seen so many good minded intentions go so wrong as we have seen in the last few years under this administration. Please, just leave us alone and let the market do what it does best without the government.
